

Final Review and Feedback

Dr Annabel Bradbury, TRL Limited

- Please spend 10-15 minutes to complete the course evaluation form
- The results of the evaluation form and feedback and discussion will be used to produce a training summary report comprising participant feedback and recommendations for course improvement
- Your comments and suggestions will shape the future of the Transport Services Training Course – please be honest and constructive!

Break into groups of five and spend 30 minutes discussing the following questions, then report back to the group:

1. Does the course content improve your skills to carry out transport services research and how would you improve the course for future delivery?
2. Can the course help with specific problems/challenges that you experience in your daily work?
3. How can we get greater engagement of policy makers and government researchers involved in transport services research? Can the format of this course help to build capacity among key stakeholders?
